

## Primary Care and TB in London – screening for TB and detecting active disease

In advance of World TB Day, we cordially invite you to join us for a **dinner and training event designed for GPs and primary care teams.**

The Collaborative TB Strategy for England 2015–2020 (2) recommends **primary care based latent TB infection (LTBI) testing** for 16 to 35 year olds who recently arrived in England from high incidence countries. New NHS funding has been made available to support its implementation nationally.

**Session aim: to support the implementation of local primary care based LTBI testing and treatment, and to provide practical advice.**

**Who should attend?** GPs, practice nurses, practice managers and anyone interested in the implementation of primary care based LTBI testing

**Date:** 23 March 2017

**Time:** 19:00 - 22:00

**Venue:** Masti Restaurant, 572-582 High Rd, Wembley, HA0 2AA

**To reserve a place:** Please email a registration form and your menu selection to:  
[tb.service@imperial.nhs.uk](mailto:tb.service@imperial.nhs.uk)
