

Your appointment at the Willesden Community Diagnostic Centre

About your appointment

You will be seen at the Willesden Community Diagnostic Centre which is located on the first floor of:

Willesden Centre for Health and Care
Robson Avenue
Willesden
NW10 3RY

You'll find a map on the back of this leaflet.

Why am I being seen here?

Your GP or hospital doctor has asked for you to have one or more diagnostic tests or scans to help work out how best to help you. Community diagnostic centres, such as this one, provide extra capacity for diagnostic tests and scans in the community. This facility is run by Imperial College Healthcare NHS Trust and uses the same standard of equipment as in our hospitals.

When should I come for my test?

The letter that came with this leaflet has your appointment date and time on it. Please make sure you arrive at least five minutes before your appointment time.

How will I get my results?

Your test results will be sent directly to your GP or the hospital doctor who referred you. They will let you know how and when you can expect to get your results and decide what to do next. You may be able to access some of your test results online. Find out more at our website:

www.imperial.nhs.uk/my-records

How can I change my appointment?

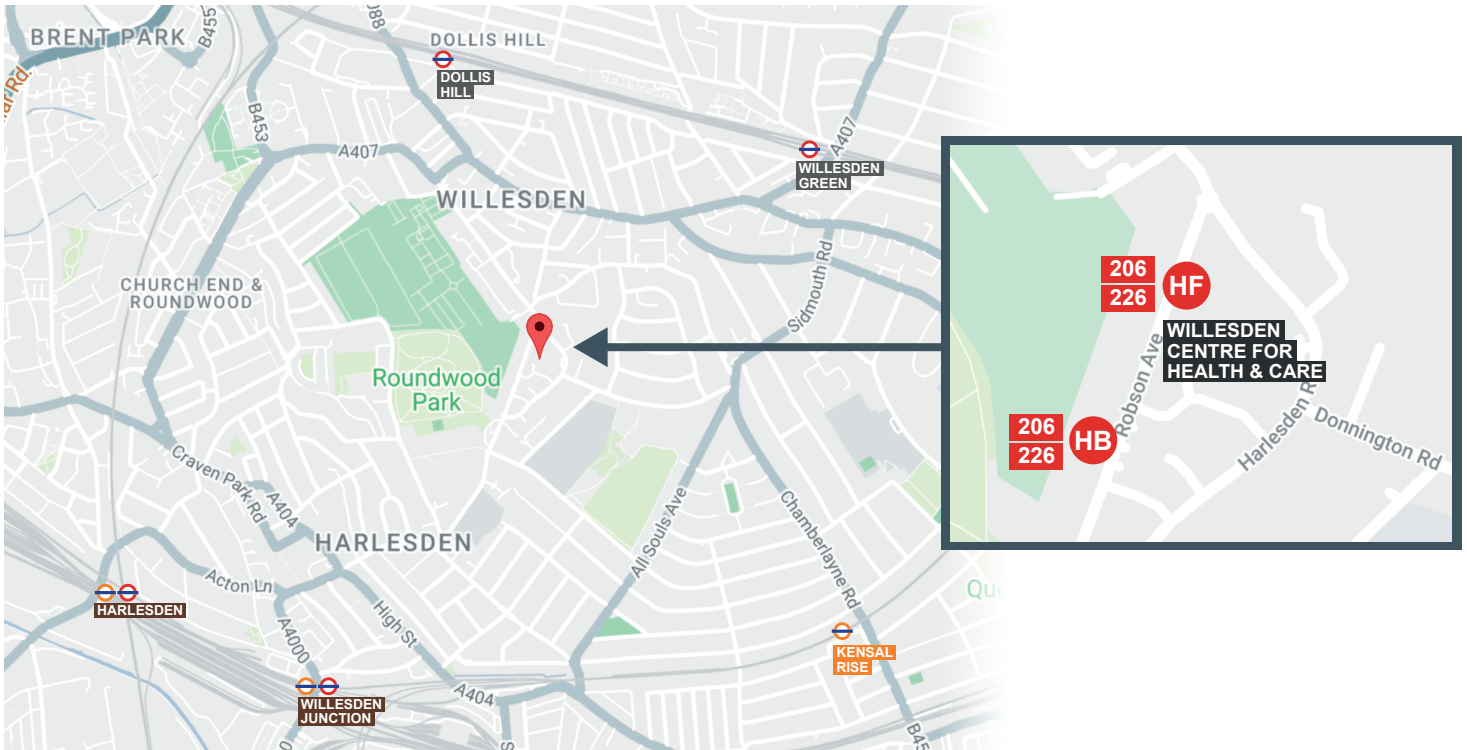

If you are unable to attend, please contact us – see your appointment letter for the telephone number and email address.

How do I contact the centre?

You can call us on 020 370 46572 if you have any questions about the centre.
