Terms and conditions

Consultant fees are separate from the hospital charges above and are priced and invoiced independently.

Once you have elected to be treated by Imperial College Healthcare Private Care, it is expected that you will continue to be treated as a patient of our private care services for the entirety of your pregnancy including all care provided throughout. In some circumstances it may be clinically necessary to temporarily care for you in a specialist ward or treatment area which is a shared resource with our NHS services. Examples include (but are not limited to): intensive care or high dependency care units, imaging and operating theatres. Whilst in these areas you will remain a private patient under consultant care and liable for private care costs. If you are eligible for NHS care you may elect to transfer your treatment status to NHS, however you will also transfer out of your consultant's care and you will be unable to switch back to our private care services during your pregnancy and birth, as per Department of Health guidelines.

Anaesthetic services may be provided by the NHS in the event of an emergency.

All room upgrades are subject to availability.

Prices are subject to change. The price you will be charged is the price on the day of your admission.

Our packages of care do not include:

- antenatal care beyond the midwifery appointment(s) included in the package
- professional fees for anaesthetic services
- blood transfusions, diagnostic tests and injections which are not specified in the package
- non-routine take-home medication
- hearing check (unless NHS eligible) otherwise charged at £75
- additional guest meals which are not stated as part of a package
- unplanned additional clinical interventions ordered by a member of the clinical team not covered above
- admission and treatment for intensive care or high depending care units
- late discharge from the ward after 15:00.

Loyalty birth

For people who have previously had a baby with Imperial College Healthcare Private Care, we are delighted to offer a 10% reduction on our maternity packages. We also extend this discount to people who were patients of Imperial College Healthcare Private Care's fertility service. Please note these offers are available to patients who are paying directly for their care (self-pay).

Booking

To secure your booking at Queen Charlotte's & Chelsea Hospital, we require a deposit of £7,950 for vaginal birth and £10,950 for caesarean section. A £425 cancellation fee is charged. Any antenatal appointments already received will also be chargeable per appointment should you wish to transfer care to another provider.

We accept payment by all major credit or debit cards with the exception of American Express. Our prices are inclusive of VAT.

After your discharge home, any credit remaining on your account will be returned to you.

Other additional charges

Additional charges will be made if you require critical care. If your baby requires transitional or specialist care, this is free if they are entitled to NHS care and is chargeable if they are not.

Any unplanned additional interventions ordered by member of the clinical team will be charged separately.

You will be asked to leave your room by 15:00 on the day you are going home. Additional charges may be applied for late discharge.

If you would like further information about these charges, please contact us on:

Insurance

If you are insured and your insurance company is paying your account, please contact them to confirm the terms of your cover and obtain your pre-authorisation number.

You will need to provide confirmation of cover prior to your admission. If confirmation is not provided within this period, you will be eligible to meet all charges.

Please note, the cost of £160 per day for nursery care is not covered by insurance companies.
